

**DATE:** April 5, 1993

**TO:** District/Field Engineers  
Construction Engineers  
Resident/Project Engineers

## **REVISION**

**FROM:** Gerald D. Dobie  
Engineer of Construction

**SUBJECT:** **CONSTRUCTION INSTRUCTIONAL MEMORANDUM 1993-11**  
**Contractor Evaluation - Additional Items**

Three additional items have been added to the Contractor Evaluation Form (1182):

1. **Compliance with Environmental Regulations (X1)**

This item includes compliance with erosion controls, wetlands regulations, control of hazardous materials, generation, handling, disposing, and labelling of spent abrasive, asbestos abatement, and National Pollution Discharge Elimination System (NPDES) requirements.

2. **Contractor Quality Control (X2)**

This item evaluates the contractor's ability to comply with quality control of: bituminous mixture and density acceptance, furnishing portland cement concrete, batch plant certification, contractor staking, road and bridge contractor quality control, etc.

3. **Partnering (Team Building)**

This item includes participation in construction team building seminars, project intergroup team building, and district intergroup team building.

The new forms should be available April 5, 1993, **through the storeroom.** Please use the new form (attached) and destroy (recycle) the old forms. Resident Engineers are requested to inform local government agencies of the revision of the form.
